

Internet Assigned Numbers Authority (IANA) Plenary Report

IETF 126, Vienna

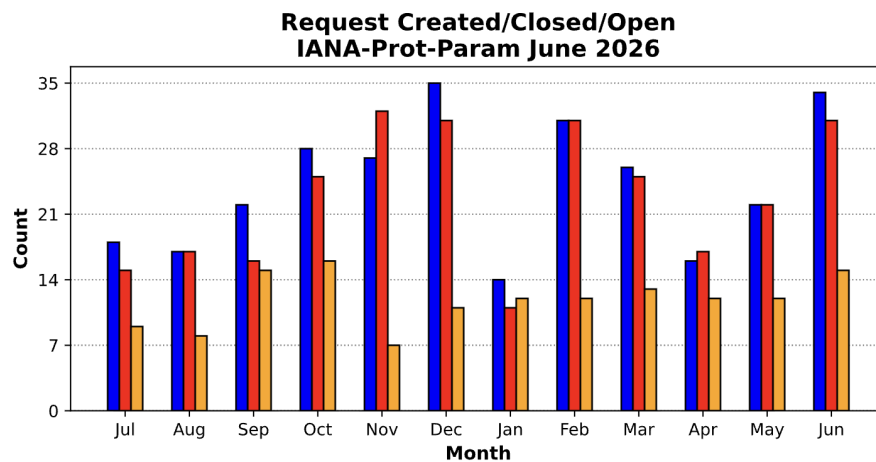

Key Highlights and Milestones

- IANA met or exceeded all service-level agreements for protocol parameter functions from March 2026 to June 2026.
- More than 1300 IETF-related requests have been processed since IETF 125. These include document reviews, registry creation, new registrations, modifications to existing registrations, and deletions.
- Created 46 new registries and five registry groups (reflected as new unique registry URLs) since IETF 125.
- Reviewed IANA Considerations for all downloadable documents on the IETF 126 WG agendas (posted by Monday, July 13th at 5:00 PM).

Overview of Activities

Performance in brief

Last 12 months (i.e. July 2025 – June 2026)

*Does not include Private Enterprise Number (PEN) Requests

More comprehensive monthly statistics reports can be found at <https://iana.org/performance>

Since IETF 125

Request Type	Total
Last Calls	72
IESG Evaluations	73
RFC Publication Approvals	74
Media Types	56
Ports and Port Modifications	41
New Private Enterprise Numbers	900

Customer satisfaction in brief

At the conclusion of request processing, IANA sends a short survey to customers to ask them whether they were satisfied with our performance. These are only issued for requests directly sent to IANA (i.e. not through the RFC editorial process), and no more than one survey is sent per customer every 60 days even if they conduct multiple transactions.

	March	April	May	June
Response Rate	64%	50%	20%	60%
Satisfaction	100%	100%	99%	94%

Updates and initiatives

- IANA is participating in the discussions in the Update to IANA Considerations (ianabis) working group. To facilitate this discussions we have authored three drafts:
 - draft-ietf-ianabis-rfc8126bis-03
 - draft-ietf-ianabis-early-registries-01
 - draft-ietf-ianabis-rfc7120bis-03

Additional information

- IANA will maintain “office hours” during IETF 126. Look out for our booth, and bring any questions you may have about your Internet Drafts, how registries operate, or anything else IANA-related.
 - Our booth will be manned Monday through Thursday, from 8:30am to 5pm
 - If we’ve stepped away, or you’re attending remotely, you can always drop us a note at iana@iana.org, and we will follow up with you

- We always encourage authors to speak with us about their prospective IANA registrations early in the document development process. Send questions and requests for early document reviews to iana@iana.org
- Our index of protocol parameter registries can be found at <http://www.iana.org/protocols>
